

SA-211 Desktop Microphone

Technical Parameter

Model	SA-211
Type	Microphone with bell prompt
Transduction mode	Dual capacitive type
Frequency response	40Hz-16kHz
Directivity	Hypercardioid
Output Impedance (Ohms)	200Ω
Sensitivity	-38dB±2dB
Supply voltage (V)	DC9V
The length of the mic	400mm
cable length, configuration	8m single core, Caron female + 6.35 monophonic plug-in
Weight of a single microphone	0.67kg
Output, indication	Unbalance, seat lamp
Switch	Light touch switch
Anti-interference	Anti-mobile phone, electromagnetic and high-frequency interference
Factory configuration	Microphone, microphone cable, windproof cotton, manual, certificate of conformity, warranty card, 9 V battery
